

Employee Questionnaire: Assessing the Impact of Blockchain on HR

As a part of the organization's initiative to understand how much employees grasp and appreciate the implementation of blockchain in HR, employees are requested to complete the following questionnaire. It will help your leaders and HR department identify areas for improvement and explore new possibilities while integrating blockchain in HR and other departments of the organization.

Name:

Designation and Department:

1. On a scale of 1 to 10, how satisfied are you with using blockchain technology in HR? (Here, a score 'of 1' means highly disagree while a score 'of 10' indicates highly agree.)
2. What are the features you appreciate about blockchain technology in HR or would like to see more of?

Transparency		Privacy	
Time-saving		Any other, please specify.	
Tamper-proof			
Data/information storage and retrieval			

3. Does your organization communicate to you regarding new technology introductions in HR or modifications in the existing ones? If yes, how?
4. Do you believe that the HR department has been able to use blockchain judiciously, and would you like this technology to be introduced in other departments as well?
5. What are some of the modifications or additions you would like to prefer in the existing blockchain usage in HR?
6. Is there anything else you would like to share or suggest for improvement?
