INTRODUCTION

A commitment to lifelong learning is a critical component of the SHRM Certification program and is required for SHRM Certified Professional (SHRM-CP®) or SHRM Senior Certified Professional (SHRM-SCP®) credential-holders in order to maintain their certification. Credential-holders must demonstrate that they are staying current in the field and advancing their knowledge, skills, and abilities in the profession by recertifying their SHRM Certification every three years. Recertification can be accomplished by earning 60 professional development credits (PDCs) or by retesting within a certified individual’s three-year recertification cycle.

Activities eligible for PDCs include seminars, workshops, podcasts, college/university courses, and conferences in instructor-led, virtual, or self-paced formats. For additional information about SHRM recertification, see the SHRM Recertification Handbook.

The SHRM Recertification Provider Program was established by SHRM to give participating members the opportunity to award PDCs for the HR knowledge and behavioral competency programming they offer to SHRM-certified professionals working to maintain their SHRM-CP or SHRM-SCP certification.

All programs offered as part of the SHRM Recertification Provider Program must align with one or more components outlined in the SHRM Body of Applied Skills and Knowledge® (SHRM BASK®). The SHRM BASK is the foundation for SHRM Certification and its related components, including the SHRM-CP and SHRM-SCP exams, the SHRM Learning System® for SHRM-CP/SHRM-SCP, the SHRM recertification process and the SHRM Recertification Provider Program.

The SHRM BASK describes the behavioral competencies and HR technical knowledge domains that HR professionals need for strategic focus and effective job performance. The incorporation of competencies into the SHRM BASK provides SHRM certification-holders with a greater range of possibilities for earning PDCs.

General Provider Pricing Model

SHRM is pleased to offer a tiered pricing model for General Providers (GPs) that offers fee options based on anticipated program use. The model allows GPs to pay only for the anticipated number of programs they intend to offer per cycle. Programs are defined as courses, classes or activities that require an individual activity code. When determining your usage, count each program (course, class, or activity) as one offering. Receive a fee reduction when you renew. Fee options are detailed below. As you near your number-of-programs cap, you will be provided with an opportunity to scale up to the next level if you choose to do so.

Program Guidelines

SHRM Recertification Providers are required to comply with the following guidelines:

1. Provide the name and e-mail address of a primary contact and program administrator and keep this information current.

2. Enter the required information for each individual program into the SHRM online database.

   * IMPORTANT: Programs must be entered before they occur. Retroactive programs cannot be entered.

3. Use the following methodology to award the appropriate number of PDCs to individual program offerings:
   
a. Award credit based on the actual educational time spent in the program (lunch and break time should not be included).
   
b. Time is calculated in 15-minute increments. Each 15-minute increment = .25, or a quarter of 1 PDC.

4. Include a process for determining attendee participation for passive-format programming (e.g., webinars, videoconferences, self-directed e-learning).

5. Adhere to SHRM Recertification Provider Digital Badge usage guidelines.

6. Provide program participants with documentation that verifies their attendance, displays the dates attended and shows the number of PDCs assigned to the activity/event.

7. Retain program documentation, including attendance verification information, for a minimum of three years.

8. Comply with SHRM-conducted verification review requests.

9. Comply with all renewal or auto-renewal policies, processes and procedures.

Program Renewal or Auto-Renewal Process

SHRM Recertification Providers are required to renew their participation in the program or are subject to auto-renewal, depending on their provider type. An overview of requirements by type is listed in the table below. A renewal/auto-renewal e-mail will be sent to the primary point of contact and the program administrator approximately 90 days prior to the end of the provider’s term.

Compliance and Verification

SHRM has a responsibility to maintain and protect the integrity of the SHRM Recertification Provider Program and to ensure the quality of programming offered to SHRM certification-holders. To this end, SHRM reserves the right to:

›› Award SHRM Recertification Provider status only to those who meet the program qualifications.
›› Conduct random verification reviews of provider program submissions and websites to verify program compliance.
›› Monitor proper use of the SHRM Recertification Provider badge.
›› Terminate SHRM Recertification Provider status if there is evidence of the provider’s failure to uphold SHRM education criteria or comply with program guidelines (see Denial or Termination of Status).

Denial or Termination of Status

SHRM is committed to working with each SHRM Recertification Provider applicant to ensure a smooth application process. In the event an applicant is denied SHRM Recertification Provider status, an appeal of the decision may be made in writing within 30 days. Send all appeal requests to recertificationprovider@shrm.org. If the denial is upheld, the applicant must wait one year from the original date of submission to reapply.

In the event a SHRM Recertification Provider is not in compliance with program standards or procedures, SHRM will work with the provider to rectify the situation. After being notified of the infraction, the provider will have 30 days to correct the situation and to provide verification of compliance. Failure to comply within the 30-day time frame may result in suspension or termination of SHRM Recertification Provider status. Breaches of an ethical nature will result in the permanent revocation of SHRM Recertification Provider status and could also result in additional disciplinary action if the provider is a SHRM member.

Legal Restrictions

The U.S. Treasury Department Office of Foreign Assets Control (OFAC) is responsible for the enforcement of U.S. economic sanctions. These sanctions make it illegal for SHRM or anyone on SHRM’s behalf, such as SHRM Recertification Providers, to offer SHRM courses or other SHRM materials that are approved for SHRM professional development credits (PDCs) to any individual who is prohibited from receiving them. For this reason, if any individual registers for a course and desires to obtain SHRM PDCs for his/her attendance, and the individual is located in or is ordinarily a resident of countries listed on the OFAC list, the SHRM Recertification Provider must screen the individual against the OFAC Specially Designated Nationals (SDN) List prior to conducting the course(s). (The list is updated frequently. SHRM strongly recommends that you check the online list frequently as well to ensure compliance.) In the event an individual is listed on the SDN List, the SHRM Recertification Provider agrees that it will not permit such individual to receive PDCs or any certificate stating that the individual is eligible to claim SHRM PDCs for participation in the course(s). SHRM Recertification Providers agree to promptly comply with any changes or additions to the above-listed countries or requirements upon notification by SHRM.
