Program Overview

This comprehensive program, led by a SHRM-certified HR practitioner, will help prepare you to earn your SHRM-CP or SHRM-SCP certification. You will experience a detailed review of the current SHRM Body of Applied Skills and Knowledge™ (SHRM BASK™). During your learning experience, your expert facilitator will build upon the foundation you've already established through your studies, guiding you through interactive discussions, sample test questions and periodic progress checks. You will be able to identify your areas of strength and build on them, and pinpoint areas where you need further concentrated study in preparation for either exam. Your dynamic classroom experience, along with your in-depth study of the SHRM Learning System, will help ensure that you're well-prepared and confident on exam day.
